

ONECRM

User Manual

Step-by-step guide for staff, agents, and students
Version 3.3 · July 2026

Created by **AUN Tech Consulting**
Part of the ApplyUniNow ecosystem
Confidential — for authorised users only

How to use this manual

This is a **user manual**: it tells you *what to click* and *in what order*. Bold labels like **Add Lead** match buttons and menu names in the app.

What you see depends on your **role**, **permissions**, and which modules your organisation has enabled. If a menu is missing, ask your Global Admin.

Contents

1. Sign in and get around
2. Passwords, profile, and notifications
3. Marketing — leads, campaigns, analytics
4. Student CRM — students, applications, visas
5. Agency CRM & Agent Portal
6. Human Resources
7. Admin & Settings
8. Applicant (student) portal
9. Super Admin (platform operators)
10. Quick task index

1. Sign in and get around

1.1 Choose the right portal

I am...	Open this page	After login you go to
Staff (admin, counsellor, marketer, HR)	/login	Depends on role (often Marketing or HR)
Agency agent / freelancer	/agent-login	/agency-crm/dashboard
Student / applicant	/student-login	Applicant portal (after policy)
Super Admin	/login	/super-admin

1.2 Staff sign in

1. Open the staff login page. Heading: **Sign in**.
2. Enter **Email** and **Password**.
3. Click **Sign in**.
4. Optional links: **Forgot password?**, **Register**, **Use student login**, **Agent login**.

1.3 Agent sign in or register

1. Open /agent-login → **Agent sign in**.
2. To register: click **Register here**.
3. Fill **Personal details** (Full name, Email, Phone, Password, Confirm password).
4. Fill **Agency details** (Agency name required; optional referral code, address, city, country).
5. Click **Register as agent**.
6. Wait for admin approval. Message: *Registration received. An admin will approve your account before you can sign in.*
7. After approval, sign in with **Sign in as agent**.

Only agent roles can use the agency portal. Other roles see: *This portal is for agency agents only...*

1.4 Student sign in

1. Open /student-login .
2. Enter the email/password your counsellor created for you.
3. Click **Sign in**.
4. If asked, set a new password, then accept **Terms & conditions** with **I accept**.

1.5 Navigation (staff / agent)

- **Left sidebar** — modules (Marketing, Student CRM, Agency CRM / Agent Portal, Human Resource, Admin & Settings, Allied Services).
- **Top bar** — page title, notification bell, **Add Lead**, **Log out**.
- If access is blocked you see **Access Denied** with **Go Back**.

Agents see **Agent Portal** instead of Agency CRM, with labels such as **My Students**, **My Commissions**, and **Referral & Branding**.

2. Passwords, profile, and notifications

2.1 Forgot / reset password

1. On any login page click **Forgot password?**.
2. Enter **Email** → **Send reset link**.
3. Open the email link → enter **New password** and **Confirm password** → **Reset password**.
4. You are sent to staff `/login` ; students/agents should then open their own portal login.

2.2 Change password while signed in

1. Open `/change-password` (forced on first login, or from profile).
2. Enter **Current password**, **New password**, **Confirm password**.
3. Meet the rules shown on screen (8+ characters, number, special character).
4. Click **Continue**.

2.3 Notifications

1. Click the bell in the top bar.
2. Use **Mark all read**, open a row to follow its link, or delete with the trash icon.
3. **View all** opens the full inbox at `/notifications` (filters: **all** / **Unread only**).

2.4 Staff profile

1. Open `/profile`.
2. Upload or replace photo (JPG/PNG/WebP, max 5MB).
3. Review Email, Phone, Role (read-only).
4. Click **Change password** if needed.

3. Marketing — leads, campaigns, analytics

Sidebar: **Marketing**.

Lead Management access: the page currently allows only **SUPER_ADMIN**, **GLOBAL_ADMIN**, and **COUNSELLOR**. Counsellors only see leads assigned to them. Rating and counsellor assignment dropdowns are editable for admins.

3.1 Create a lead

1. Go to **Marketing** → **Lead Management**, or click top-bar **Add Lead**.
2. Click **Add Lead**.
3. Fill **Full Name ***, **Email Address ***, optional phone, country, preferred course/country, source, counsellor, rating (HOT/WARM/COLD/MAYBE), remarks.
4. Click **Create Lead**.

3.2 Find, filter, export, bulk upload

- Search: **Search leads...**
- Filters: date range, source, rating, stage, counsellor → **Reset Filters** to clear.
- **Upload** — choose `.xlsx` / `.xls` / `.csv`.
- **Export** — downloads a CSV of the leads you can see.

3.3 Update rating, stage, or counsellor

1. In the table, change **Lead Status** (rating) or **Stage** (New / Contacted / Qualified / Proposed / Converted / Lost).
2. In **Assigned To**, pick a counsellor or **Unassigned** (admins).

3.4 Log an activity

1. Click the lead name to open the activity panel.
2. Review **Interaction History**.
3. Choose channel: **NOTE**, **CALL**, **EMAIL**, **SMS**, **WHATSAPP**, **MEETING**.
4. For NOTE/CALL, type details and send; other channels run a quick action then refresh history.

3.5 Create student login from a lead

1. In the row **Action** column (or activity panel), click **Create Login**.
2. Student receives a welcome email; badge becomes **Login Active**.

This creates the portal login only. To create the full Student CRM record + application, use Applications → **Create login + application** (Section 4).

3.6 Campaigns

1. Open **Marketing** → **Campaigns**.
2. Click **Create Campaign** (modal: **Launch Campaign**).
3. Enter name, broadcast type (Email / Social / Google Ads), status, dates, audience, and type-specific settings.
4. Click **Save & Launch** (or **Save & Launch Ad**).
5. Use row menu ... for **Edit details**, **Launch Campaign**, or **Delete**.

6. To enroll more leads: open performance drawer → **Enroll ... Leads** → select → confirm.

3.7 Marketing analytics

1. Open **Marketing** → **Marketing Analytics**.
2. Review KPI cards and panels: Agency Funnel, Lead Source Performance, Monthly Lead Trend, Counsellor Performance.

4. Student CRM — students, applications, visas

Sidebar: **Student CRM**. Creating/editing needs manage permission.

4.1 Create and edit a student

1. Go to **Student Management**.
2. Click **New student** → enter Full name *, Email *, Phone, DOB, Preferred country → **Create**.
3. Select the student in the left list (search: **Search name or email...**).
4. Use tabs: **Personal** | **Study plan** | **Education** | **Exams** | **Checklist** | **Applications**.
5. Edit fields → click **Save profile** (not shown on Checklist/Applications, or when enrolled).

Study plan universities

1. On **Study plan**, under **Universities**, click **Add university**.
2. Set Destination, University, Course, Intake (autosaves).
3. Select radio **Use for new application** when ready.

Enrolment lock

- **Mark enrolled** → profile mostly read-only, badge **Enrolled**.
- **Unlock profile** to edit again.

4.2 Convert a marketing lead into an application

1. Open **Applications**.
2. Expand **Leads ready for applications**.
3. Per lead click **Create login + application** (temp password often shown in toast, e.g. Welcome@123).
4. Or click **Import all leads** and confirm the batch.

4.3 Create an application

1. From Applications list: **New application** (or from student profile **New application**).
2. Choose student if prompted; set country, university, course, intake, deadline, counsellor, notes.
3. Save — you open the application detail page.

4.4 Work an application (detail page)

Header shows code, stage, university/course, **Advance stage**, and link **Student profile**.

Stages: Draft → Documents pending → Submitted to university → Under review → Offer received → Offer accepted → Visa process → Enrolled.

- At Offer received: **Mark accepted** / **Mark rejected**.

Tab	What to do
Overview	Set deadline & counsellor → Save . Add fees: Fee label, Amount (INR) → Add fee .
Documents	Upload/drag-drop; Approve / Reject ; Notify missing (N) ; add checklist items.
Tasks	Create task (Title, Due date, Assignee, Notes).
Offer	Upload offer letter; set dates/decision/notes → save.
Visa	Update status, appointment, decision, notes; upload visa docs.

History	Read the audit trail.
---------	-----------------------

4.5 Filter and bulk-assign applications

1. Use stage chips (All, Draft, Docs pending, ... Enrolled) and search.
2. Select rows → choose counsellor → **Assign selected**.

4.6 Visa management list

1. Open **Visa management**.
2. Search student or university.
3. Click **Open** to jump to that application's **Visa** tab.

4.7 CRM Settings

1. Open **CRM Settings**.
2. **Universities & courses**: filter by country → **Add university** → fill name/country/city.
3. **Document checklist templates**: choose Country (optional University) → **Load built-in defaults** or **Add document** → **Save template**.

5. Agency CRM & Agent Portal

5.1 Approve a new agent (admin)

1. Open **Admin & Settings** → **Users**.
2. Open the **Pending Agents** tab.
3. Review **Agency Details**.
4. Click **Approve** (or **Reject** → confirm deactivate).

5.2 Agent onboarding

1. Agent opens **My Profile & Onboarding**.
2. Under upload step: **Upload ID / business docs** (at least one file) → **Submit documents**.
3. Click **Sign agreement**.
4. Wait while admin verifies, approves, and activates.

Stages: Registered → Documents submitted → Agreement signed → Verified → Approved → Active.

Admin completes activation

1. Open **Agency Management**.
2. Select the agency → under **Partner documents** use **View**, then **Verify** or **Reject**.
3. Use **Verify onboarding** → **Approve partner** → **Activate** (or status buttons Mark Verified / Approved / Active).

5.3 Create an agency (admin)

1. **Add agency** → fill Agency name, contact, login email, initial password, commission rate, status, services, notes.
2. **Create agency**.
3. Edit later → **Save changes**.
4. Set **Capabilities** (Can pay student fees, Can message university, Can manage applications, Can view commissions) → **Save capabilities**.

5.4 Referrals and students

Agent: open **My Students**.

1. Use **Get referral link** if needed.
2. Switch tabs **My students / Applications**; filter by name/email/code.
3. Click student name or **Open**.
4. On student detail: **Attach** to upload docs; **View file**; **Pay now** only if fee payment capability is enabled.

Staff assign a student to an agency:

1. Open **Students & Referrals** → **Assign student**.
2. Choose agency → search student by name/email → pick one → optional notes → **Confirm assignment**.

Until referral-link capture is fully wired end-to-end, **Assign student** is the reliable way to attribute a student to an agency.

5.5 University directory, communications, branding

- **Universities** — search name/country → **Search** → view POC email/phone.

- **Notifications** (agent) / Communications (staff) — read announcements; log Call/Email/Meeting/Note; admins can **Publish announcement** and **Send broadcast**.
- **Referral & Branding** — copy referral link; edit tagline/colours/logo/website → **Save branding**.

5.6 Commissions and payouts

Agent: My Commissions — filter statuses; review statement totals (Total / Paid / Pending).

Admin:

1. **Add commission** → agency, amount, period, description → **Save**.
2. Pending rows: **Verify & approve** or **Reject**.
3. Select approved rows → **Create payout batch**.
4. On **Payouts** tab: **Start processing** → **Mark paid** (or Cancel).
5. With an agency filter, manage **Commission rules** (Country, University, %/Fixed, Amount → **Add rule**).

6. Human Resources

Sidebar: **Human Resource**. Needs the HR module enabled and **VIEW_HR**.

Users with only self-service access are redirected to **My HR**. Operator screens (directory, recruitment, payroll run, leave policies) need extra permissions such as **MANAGE_EMPLOYEES**, **MANAGE_LEAVE**, or **MANAGE_PAYROLL**.

6.1 Overview and My HR

1. **Overview** (/hr) — use **Clock in / Clock out** on the Today card; open KPI tiles or **Review leave / Review attendance** when shown.
2. **My HR** (/hr/me) — personal attendance, leave balance, recent leave, and payslips. Shortcuts: **View full attendance** → , **Apply for leave** → , **View all** → (payslips).

6.2 Employee Directory

1. Open **Employee Directory**. Search by name/email/department/id; filter status: All / Active / On leave / Resigned / Terminated.
2. **Add employee** — Full name *, Email *, Employee ID *; optional phone, department, designation, location, joining date, access role → **Add employee**.
3. **Bulk import** — paste spreadsheet rows → **validate rows** → **import verified accounts**.
4. Click **View** on a row. On **Profile**, edit fields (including employment status / exit reason) → **Save profile**.
5. On **Documents**: choose type (Offer letter / ID proof / Contract / Other) → **Choose files** → **Upload**.
6. Quick role change from the list: **Edit role** → **save changes**.

6.3 Recruitment tracker

Open **Recruitment**. Tabs: **Jobs & pipeline**, **Interviews**, **Offer letters**, **Onboarding**.

Jobs & pipeline

1. **Post job** → fill title, department, location, salary, hiring manager, dates, requirements, description, employment type, publish status → **Create posting**.
2. Draft jobs: **Publish**. Open jobs: **Pause / Close**. Edit with **Edit**.
3. **Add candidate** → job, name, email, phone, optional resume → **Add candidate**.
4. Move candidates with the stage dropdown/chips (application → screening → hr_round → tech_round → manager_round → offer_generation → onboarding → hired).
5. Candidate actions: **Schedule interview**, **Create offer**, **Reject**, **Hire**.

Interviews, offers, onboarding

1. **Schedule Interview** — candidate, job, round, date/time, duration, interviewers, meeting link, type → **Schedule**. Later: **Reschedule**, **Feedback**, **Cancel**.
2. **Generate** an offer — candidate, salary, joining date, expiry, template, optional conditional offer. Then **Preview / Print**; Draft → **Send**; Sent → **Accept / Reject / Mark expired**.
3. **Accepting an offer** creates the employee record, starts onboarding, and marks the candidate Hired.
4. **Onboarding: New Checklist** → employee + template + start date → **Create Checklist**; tick items and upload document files as needed.

6.4 Attendance

1. Open **Attendance**.
2. **Clock in / out** tab — big **Clock in** / **Clock out** buttons and today's summary.
3. **My history** — pick month/year.
4. **Regularizations** — **Request regularization** (date, clock in/out type, time, reason) → **Submit request**.
5. Managers: **Team attendance** and **Admin setup** (process biometric logs; register devices; whitelist IP networks).

Clock-in needs your login linked to an employee record. If not linked, the screen asks you to contact HR.

6.5 Leave

1. Open **Leave**. Tabs: **My leave**, **Approvals**, **Policies** (managers).
2. Apply: leave type, From, To, Days, Reason → **Submit request**. Cancel with × while still pending/manager-approved.
3. Approvals are two-stage: manager uses **Approve (to HR)**; HR uses **Final approve** or reject.
4. Policies: entitlement plans, leave-type rules, assigned employees; holiday calendar (**Add holiday**); leave categories.

6.6 Performance

1. Open **Performance** — tabs **Reviews** / **KPIs**.
2. Reviews: choose Monthly/Weekly period → **Calculate reviews**; set status (Self-Review / Manager Review / Calibrated / Completed).
3. KPIs: add/edit definitions (role, name, target, unit, frequency) and record metrics.

6.7 Payroll

1. Open **Payroll** — tabs **Payroll run** / **Deductions**.
2. Salary Structures: edit basic/allowances/incentive/revenue share/deductions → **Deploy Structure**.
3. Execute Batch: pick Month/Year → **Execute Ledger Cycle** (confirm).
4. Statements ledger: **View** a payslip → **Export / Print Statement**.
5. Deductions: **Add Deduction** (leave days, tax, other) → **Save**.

Users with only **VIEW_OWN_PAYSLIP** see their own payslips, not full payroll admin.

7. Admin & Settings

Users is limited to **SUPER_ADMIN** / **GLOBAL_ADMIN**. Editing roles needs **MANAGE_ADMINS**.

7.1 Users

1. Open **Admin & Settings** → **Users**.
2. Tabs: **All Users**, **Pending Agents**, **Pending Students**. Search and filter by role/status.
3. **Create User** — First/Last name, Email, Phone; Role & Status; Module Access checkboxes per module → **Create User** (credentials emailed).
4. Edit with the pencil → update role/status/module access → **Update Access**.
5. Pending Agents: **Approve** or **Reject**.
6. Pending Students: pick counsellor → **Assign**.

7.2 Roles & Permissions

1. Open **Roles & Permissions**.
2. Click a role to expand permission groups; toggle checkboxes.
3. Click **Save permissions** (or **Reset all** to defaults).
4. Assignment column: **+ Assign** a member, or move them with ✕ → Move to...

7.3 Allied Services

1. Open **Allied Services**.
2. Click a service card to open the external site in a new tab.

8. Applicant (student) portal

Sign in at `/student-login` . Sidebar: **Applications**, **Payments**, **Profile**.

8.1 Accept policy (first time)

1. On **Terms & conditions**, click **I accept**.

8.2 Applications home

1. Open **Applications**.
2. Review overall progress and quick actions: **Upload document**, **View applications**, **Payments**, **Contact counsellor**.
3. Use search and stage filters; click **Open application**.

8.3 Application detail

1. Follow workflow steps (Upload documents → Pay fee → Counsellor review → Offer → Visa & enrolment).
2. Upload/replace pending documents.
3. When offer is ready: **View offer letter**, **Accept offer**, or **Decline offer** (confirm).
4. When fees are due and documents are complete: **Pay now** (Razorpay).
5. Upload visa documents when requested.

8.4 Payments

1. Open **Payments**.
2. Filter All / Paid / Pending / Failed.
3. Use **Pay on application** or open the application to pay.
4. Open **Receipt** for paid items.

8.5 Profile

1. Open **Profile**.
2. Upload/replace photo; other fields are counsellor-managed.
3. Use **Contact counsellor** when shown.

9. Super Admin (platform operators)

Only **SUPER_ADMIN** — `/super-admin` . No normal tenant sidebar; this is cross-tenant.

9.1 Tenants list

1. Review Name, Slug, Status, Primary admin, Users, Enabled modules.
2. Click **Manage** → for a tenant, or use top-right **Audit log** / **+ Onboard tenant**.

9.2 Onboard a tenant

1. Click **+ Onboard tenant**.
2. Organization: Name (Slug auto-generates).
3. Modules: tick Human Resources, Marketing, Student CRM, Agency CRM, Admin Settings.
4. Primary admin: Full name, Email, Password (min 8), optional Phone.
5. Click **Create tenant**.

9.3 Manage a tenant

1. Change status: ACTIVE / SUSPENDED / ARCHIVED.
2. Primary admin card: **Reset password** → confirm → copy the new password once (shown only once) → **Dismiss**.
3. Toggle modules Enabled/Disabled (takes effect immediately).

9.4 Audit log

1. Open **Audit log** / `/super-admin/audit` .
2. Review actions such as Created tenant, Updated tenant, Set modules, Reset admin password.

10. Quick task index

I want to...	Go to...	Main action
Add a lead	Lead Management or top bar	Add Lead
Give a lead a student login	Lead Management	Create Login
Start a CRM application from a lead	Applications	Create login + application
Advance an application	Application detail	Advance stage
Approve an agent	Users → Pending Agents	Approve
Finish agent setup	My Profile & Onboarding	Upload docs → Submit → Sign agreement
Attribute a student to an agency	Students & Referrals	Assign student
Pay an application fee (student)	Applicant application	Pay now
Pay out commissions	Commission Management → Payouts	Create payout batch → Mark paid
Hire someone	Recruitment tracker	Job → candidate → interview → offer → Accept
Clock in / out	My HR or Attendance	Clock in / Clock out
Apply for leave	Leave → My leave	Submit request
Run payroll	Payroll → Payroll run	Execute Ledger Cycle
Create a tenant	Super Admin	+ Onboard tenant
Reset password	Any login	Forgot password?
